The Sonoma Index-Tribune

VOL. XXXIII. SONOMA, SONOMA COUNTY, CAL., SEPTEMBER 30, 1911. NO. 13

INTERESTING ITEMS FROM EL VERANO AND VICINITY.

Weekly Record of all the Happenings in His Town as Faithfully Recorded by Our Wide-Awake Reporter, "Archie McKiver."

Supervisor Blair Hart was in town Tuesday.

L. Mouyer was a visitor to Lakeville last Friday.

R. E. Mullen was a visitor to the bay city Sunday.

Phil Rossi is spending a few weeks at Adams Springs.

Mrs. Ole Johnson is visiting friends in Oakland this week.

Otto Spindler was an El Verano visitor to Petaluma last Sunday.

Miss Mary Block was an El Verano visitor to Kenwood Saturday.

Press Davis of Sonoma was a passenger for Santa Rosa Monday evening.

Roy Chance went to San Francisco Sunday to attend his brother's wedding.

Mrs. Marie Lamotte is in San Francisco this week visiting friends and relatives.

Elmer Owens of this place has been appointed general manager of the Parente Villa.

Byron Weaver of the Santa Rosa Business College visited his folks here Sunday.

Louis Peterson, our lumber man, spent the latter part of last week in Santa Rosa.

Louie DeFount of San Francisco was in town Sunday looking over his real estate in this place.

Mr. and Mrs. A. Nevraumont have returned to Los Angeles after spending several weeks in our town.

Harry Baines and Leo Baines autoed to San Francisco last Sunday in the latter's red benzine buggy.

Mrs. G. Stafford and Mr. Leo. Fitzpatrick of San Francisco were guests at the McCloskey residence Sunday.

Emile Gouailhardou was one of El Verano's rising young baseball fans who took in the baseball game at Sonoma Sunday.

Albert Dutil of San Anselmo is spending the week at the French Cottage. Albert is a well known and popular baker of that city.

Miss Lillian Schultz and Miss Eva Block have returned from the hop fields at Forestville. The girls smiling faces have been missed and welcomed home again.

Judge Emmet Seawell of Santa Rosa was in town Monday. The Judge came down to Boyes springs to look at a house that is in dispute between Peterson, our lumber man, and Nathan, the owner of the cottage.

Several new homes will be built in this place during the coming winter.

A. C. Chance spent Sunday in San Francisco.

A number of piles are being put down this week in front of the Riverside Resort to keep the water from washing away the banks of the creek at that place. This is some more of Supervisor Hart's good work, and no doubt will stop the high water of the coming winter from washing out the county road at that point.

A Socialistic party organization will be formed in this town in the near future. There are a large number of Socialists here and it is their intention to form a club and have some of the leading Socialists of the party come here and organize it, and also address a meeting. The club will be organized in the near future.

Mrs. J. A. Capell passed away at this place on the 20th inst. Mrs. Capell had been ailing for a long time and came here for her health, residing in one of the Parente cottages. The remains were taken to San Francisco last Friday by an automobile hearse from that place. Mrs. Cahell was a native of Concord, Contra Costa county.

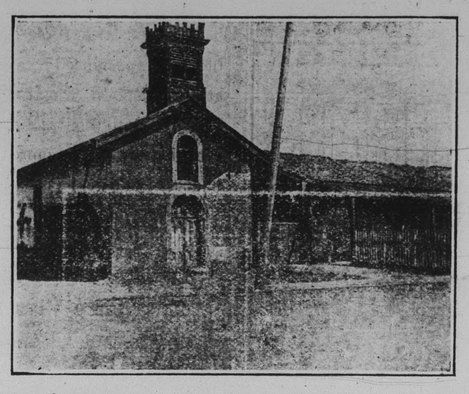
A. Block and J. Basalou, our well known barber, spent Sunday fishing at Embarcadero. The anglers had good luck, and Block says that the luck was due to the kind of bait that the barber used which he imported from far-away Greece, his native country, where he was wont to go on fishing expeditions. The boys landed several large fish.

A marriage license was issued in San Francisco on the 22d inst. to W. A. Chance of El Verano 21, and Ethel Holloway 18 of 534 Capp st., San Francisco. The marriage took place in that city on Sunday last. After a short trip to the southern part of the State the newly weds will return to El Verano where a cozy home awaits them and will reside here permanently. The young groom is the oldest son of Mr. and Mrs. A. C. Chance of this place.

The people of this place were suddenly awakened from their slumbers early one night last week by a discharge of firearms. A couple dozen shots were fired in quick succession, much to the terror of the San Francisco people at the different hotels and resorts. The cowardly perpetrator of this shameful and disgraceful act must have just toppled from the water wagon and the regret is general that he did not fall into the clutches of the law to suffer for his blackguardism.

ARCHIBALD MCKIVER.
El Verano, Sept 27, 1911.

SONOMA'S OLD MISSION WILL SOON BE RESTORED.



ORIGINAL CHAPEL OF MISSION SAN FRANCISCO DE SOLANO.

The old Mission San Francisco de Solano, one of Sonoma's ancient landmarks, which has been fast going to decay the past few years is to be restored as nearly as possible to its original condition. The restoration will be made with the $5,000 appropriated for that purpose by the last Legislature. State Architect Diggs, who was here from Sacramento last week inspecting the ancient and historical landmark, has approved of a plan which provides for a red-tiled roof to be restored with the original tiles which have been preserved, the repairing of the decayed walls with adobe bricks and the replacing of the belfry with the orignial bell which is still in existence and which was wont to summon the faithful natives to worship within its sacred precints nearly one hundred years ago.

JOHN SKINNER SR. HAS PASSED AWAY

He Was One of the Oldest Living Residents of Sonoma Valley at Time of His Demise

John Skinner Sr., a pioneer resident of this valley, died at his home in the western suburbs of town Monday evening. For years deceased resided on the Skinner ranch in the southeastern outskirts of Sonoma and was known to all the old residents of Southern Sonoma county. A number of years ago he disposed of his fine farm and purchased a small chicken ranch near Sonoma Grove.

The deceased had been a widower for many years. He leaves an only son, John Skinner Jr., who resides in the southern part of town with his family. The deceased was a native of Yorkshire, England, and aged 87 years.

The funeral will take place tomorrow (Sunday) at 1:30 p. m. from Bates' undertaking parlors, and the remains of the old pioneer will be laid to rest in Valley Cemetery, that silent little city of the dead, where repose so many of his fellow pioneers long since passed away.

Falls From Ladder and is Badly Hurt.

Otto R. Rufus, the well known viticulturist of this valley, fell from a ladder while at work on his farm on Friday of last week, and was badly hurt about the back. Dr. Thomson was sent for and attended to his injury, which though very painful was found not to be as serious as at first expected. At present the patient is rapidly improving and will soon be up and around.

Jack London as a Tree Planter.

Jack London, the author, who has a magnificent country estate in the hills near Glen Ellen, will plant 30,000 young eucalyptus trees on his property the coming winter. An order for the trees has already been placed and they will be delivered about the first of next year. It is Jack's intention to keep on planting this species of trees on his mountain estate until he has a forest of 100,000 of them.

Ukiah Votes "Wet."

At the election held in Ukiah, Mendicino county, last Monday, under the provisions of the Wylie Local Option law, the "wets" won out after a hot contest with the "drys." There were 524 votes cast. Of these the "wets" received 269 and the "drys" 253, and there were two scattering votes cast. Willits, in the same county, voted wet a only few weeks ago.

THE SEPTIC TANK CONTRACT LET.

W. S. Matthew of Santa Rosa the Successful Bidder--Contract Price $1,935.

Bids for constructing a septic tank for the city's sewer farm two miles southeast of town were received and opened by the Board of City Trustees on Monday evening.

Four bids were received as follows:

Paul Moroni	$2,150
J. F. O'Brien & Co.	2,000
D. E. Albers	2,150
W. S. Matthew	1,935

The latter, being the lowest and best bidder, was awarded the contract by a unanimous vote of the Board.

Mr. Matthew will commence work on the tank immediately and expects to turn it over to the city complete in every detail inside of a month.

Alumni Will Play Basket Ball

The Alumni of Sonoma high school will organize a basket ball team this fall and winter. The team will be composed mainly of the veterans of the 1908-09 quintet of the local high school.

The star forward, Logan, will figure in the line-up. The fighting guards, Trowbridge and Poppe, will play the defensive division. Otto Dresel will be the other forward. The position of center is open to candidates.

Judging by the former brilliant record of the team, they should put up some fast games on the local court this winter.

Our townspeople take an interest in this team, and we wish them luck during their career.

Lucien Johnson to be Given a Benefit Ball.

Lucien Johnson, who was seriously hurt in a runaway accident, one day last week, will be given a benefit ball by the Sonoma Valley Band at Parente's Villa on Saturday evening, October 7th Mr. Johnson, who is a prominent member of the band, is well known in this valley and his many friends will no doubt attend and make the ball a big success.

Moving pictures every night at El Verano Villa.

MEN'S LEAGUE AND THE TOBACCO EVIL.

Will Enforce the Law Passed at Last Session of Legislature Prohibiting the Sale of Tobacco to Minors

At the last meeting of the Men's League it was unanimously voted by the members present that the league should publicly go on record as favoring the strict enforcement of criminal law in Sonoma, and the Secretary was instructed to prepare a statement to this effect and give to the papers for publication.

In further evidence of this decision, the Secretary was instructed to call the attention of the public generally, as well as those more directly concerned, to the fact that so far as the League is informed every dealer in tobacco in Sonoma has been violating the state law for several months past, thereby rendering himself liable to fine or imprisonment.

Attention is therefore called to the following copy of the act referred to.

Chap. 288.—An act to amend section 308 of the penal code of the State of California. Approved March 24, 1911.

The People of the State of California, represented in the senate and assembly, do enact as follows.

Section 1. Section three hundred and eight of the Penal Code is hereby amended so as to read as follows:

308. Every person, firm or corporation which sells or gives or in any way furnishes to another person who is in fact under the age of eighteen years any tobacco, cigarette papers or any other preparation of tobacco is guilty of a misdemeanor and upon conviction thereof shall be punished for the first offense by a fine of not less than twenty-five dollars nor more than one hundred dollars, or by imprisonment for not less than sixty days; and for the second offense by a fine of not less than fifty dollars nor more than two hundred dollars, or by imprisonment for not more than ninety days; and for each subsequent offense by a fine of not less then one hundred dollars and not more three hundred dollars, or by imprisonment for not less than ninty days nor more than six months, or by both such fine and imprisonment.

Every person, firm or corporation which sells, or deals in tobacco or any preparation thereof shall, within ninty days after this act shall become effective, post conspicuously and keep so posted in his or their place of business a copy of this act, and any such person failing to do so shall upon conviction be punished by a fine of five dollars for the first offense, and twenty-five dollars for each succeeding violation of this provision, or by imprisonment for not more than thirty days.

The Secretary of State is hereby authorized to have printed sufficient copies of this act to enable him to furnish dealers in tobacco with copies thereof upon their request for the same.

The League calls particular attention to the fact that while the dealer in tobacco is specially concerned in the foregoing act, the prohibition and penalties apply with equal force to every person who gives or in any way furnishes tobacco or cigarettes or cigarette papers to another person under the age of eighteen years. It is therefore the duty of the peace officers of Sonoma to arrest not only dealers who violate any provisions of the act, but any person of whatever age who furnishes tobacco, etc., to anyone under eighteen. It is reported that many instances of the latter offense have been publicly noted recently.

PERSONAL AND SOCIAL NOTES AND HAPPENINGS IN TOWN.

Doings of the Various Sets in this City and Its Immediate Vicinity---The Goings and Comings and Other Items of General Interest.

Richard Elder is taking a vacation in Oakland and other trans-bay cities.

Mrs. Geo. Cornelius is here and is visiting at the home of Mr. and Mrs. Emile Cornelius.

F. W. Dobbel has purchased a Reo auto truck, which he will use in his poultry business.

Mr. and Mrs. Benhard Schrempp of Vineburg were presented with a baby boy Monday evening.

Wm. H. Daly was here from San Francisco Tuesday looking after his property interests in this city.

Mr. and Mrs. Emile Cornelius are the happy parents of an 11-pound baby boy, which was born last Monday.

Mrs. Pauline McMullen returned from the metropolis Sunday evening after a vacation of two weeks spent at the home of her sister Mrs. Theo. Nauman.

The annual meeting and election of officers of the Home and School Association will be held at the High School today (Saturday) at 2.30 p. m. All friends of Sonoma schools are earnestly invited to attend.

Mr. and Mrs. A. Sychrowsky, residing on the old Calderwood place off Broadway, which they purchased some time ago, are the happy parents of a bright-eyed baby girl, which the stork brought to them on Wednesday of last week.

The members of Temple Lodge. No. 14, F. & A. M., will attend in a body the laying of the corner stone of the new Masonic Temple in San Francisco, on Wednesday, October 11th. The President of the United States, Wm. H. Taft, will assist in the ceremonies which will be very impressive.

Henry Weyl, who was operated upon in the Broadway sanitarium by Dr. Thomson and Hays, one day last week, is getting along nicely. His trouble was appendicitis, with which he was suddenly attacked on Friday morning of last week, the veriform appendix being removed the same day.

A. E. Tower writes us from Munich, Germany, under date of September 14th, where he and his party had been sight-seeing for several days. He is now in Vienna where he will remain a week or ten days. During his sojourn in Germany the past two months Mr. Tower says he has had regular California weather.

F. Nichelini attended the funeral of a child relative in Vallejo last Sunday.

The Misses Caminati were here from San Francisco last Sunday, the guests of their mother.

R. Cantoni, proprietor of the Old City Bakery, whose establishment was completely wiped out in the recent fire, is occupying temporary quarters in Schocken's store building on the north side of the Plaza.

Next Sunday being the first Sunday in October, the Men's League will hold its regular meeting in the Methodist Church. The speaker of the evening will be Albert Elliott of Oakland. His topic will be "The Moral Right of California Women to Full Citizenship." These meetings are public and all are welcome.

Tomorrow afternoon the Boyes' Water Hi-Balls will play the Ellery-Arms Juniors of San Francisco on the Sonoma diamond. The game will begin at 2:30 p. m. The Hi-Balls have come out victorious in the last five games played with rival teams from abroad and are a hard bunch to beat. The little gia t, Joe Nessi, and George Block will be on the points for the local team.

F. O. Fredrickson, who lost everything in last week's fire here, has opened a shoe repairing shop on Broadway in the building formerly occupied by W. H. Bridges' harness shop. He has purchased a new stock of goods and fitted his shop up with a brand new set of tools and is now better prepared than ever for turning out first-class work. He expects to see his old friends and patrons in his new quarters and we trust he will not be disappointed.

Quite a gathering of citizens congregated in Union Hall last Wednesday evening to listen to Senator Juilliard and Assemblyman Slater, who came here on the invitation of one of our civic bodies to discuss the proposed amendments to our State constitution, which will be submitted to the people for ratification or rejection on October 10th. Both gentlemen were well received and listened to with marked attention while explaining the object of each amendment. Assemblyman Hamilton of Petaluma, who was advertised to be present, did not materialize, and it may be well that it was so, as the rank and file of our little wine-producing valley have no use for "reform" statesmen of his stripe and length of hair.

Sonoma, California, September 30, 1911

Law Regulating the Sale of Liquor and Tobacco and Our Civic Bodies.

At a recent meeting of the Men's League of Sonoma decisive action was taken by its members to compel the enforcement of the law passed at the last session of the Legislature prohibiting the sale of tobacco to minors. This is a move in the right direction and the League should receive the backing of every law-abiding citizen in its commendable undertaking. Why pass laws if they are not enforced, and most certainly laws of this nature, which have so much to do with the future of our youth. We are pleased to note that our civic bodies are taking an interest in the enforcement of the law in this valley regulating the sale of liquor and tobacco and more than gratified to know that the Men's League is not the only civic body in this city that is interesting itself in the enforcement of statutes and ordinances passed by our law-makers.

Only a few weeks ago Sonoma Lodge of the Knights of the Royal Arch, composed for the most part of those engaged in the wine and liquor business in this valley, unanimously passed a resolution pledging its members to a strict compliance with the law regulating the sale of liquor, and its members can be depended upon not only to do this but also to eliminate all law-breaking and otherwise undesirable elements (if there be any such) among liquor dealers in both town and valley.

With the Men's League looking to the enforcement of the law regulating the sale of tobacco in our midst, and the local lodge of the Knights of the Royal Arch pledged to a proper compliance with the ordinances and regulations adopted by all federal, state or local authority in regard to the sale of liquor, we are quite sure this co-operation of these civic bodies will be productive of good results.

The Hay Market on the Rise.

Somers & Co., in their report on the condition of the hay market for the week ending September 26th, quote choice wheat hay at $18.00@$19.00 per ton. They say:

"The hay market is beginning to feel the effects of the fields being practically cleaned up, for arrivals during the past week have decreased quite materially, a total of 3591 tons arriving in comparison with 4780 the week previous. A large portion of the week's arrivals consisted of alfalfa which is being rushed to market on account of the approaching rainy season. Car arrivals have been light, much lighter than for some time past. On Monday morning but 63 cars arrived, wherers on each Monday for the past two months we have received considerably more than 100 cars on the Southern Pacific line alone.

Prices on the better class of both wheat and tame oat hay continue to advance, $20.00 per ton being rapidly obtained for the fanciest cars of wheat hay in light bales. The warehouses are now being broken into for this class of hay as there is absolutely none left in the fields for shipment. The medium and poorer grades of hay, although firm in price, have not advanced as yet in sympathy with the choicest qualities, for there is some little ordinary hay left in the fields for which there are no storage facilities and which is therefore being shipped to market as rapidly as possible.

Choice barley straw is scarace and firm at an advanced figure.

Alfalfa is somewhat weak at the present time owing to the heavy shipments, caused by efforts to clear the fields. There is considerable alfalfa out of doors as yet which has not been sold and the owners are using their best efforts to dispose of their crops before the coming rains. Better conditions are anticipated for alfalfa a little later on.

Rummage Sale.

A rummage sale will be held by the ladies of the Episcopal Church next Friday and Saturday afternoons in the building formerly occupied by Fussel's fruit store. All friends are earnestly requested to donate articles for the sale, and the public to come and buy.

For a good smoke call at Lawrence Villa Park.

"Pickling" Railroad Ties

Ten thousand railroad ties that have been "pickling" in Great Salt Lake, Utah, for the last three years have just been removed from that body of highly mineralized water and are now being transported to Hazen, Nevada, there to be given a trial on the new Hazen cut off of the Southern Pacific Company. "Pickling" railroad ties in the great Salt Lake is by no means a new experiment on the part of the railroad company.

There are ties in the old Promontory line of the Central Pacific Railway, which were placed there 40 years ago and have not decayed, proving the preservative qualities of the salt formation in which they "pickled" for years before being layed on the roadbed. Piling is also being preserved in this lake as excellent results have been obtained by the piling in the great trestle across the lake, which, since the day it was first placed in the first part of the construction of the Lucin cut off, has shown no deterioration.

The ties that have just been removed from the Great Salt Lake will be subjected to a hard test in the alkali soils of Nevada. The "pickling" process has caused them to become heavily impregnated with salt and they act as a ground to the electric current in the block signal service. This fact makes them unfit for use on the main line of the company over which the block signals play a most important part.

The preserving of ties and piling in Great Salt Lake may become an important industry, if the experiments now being worked out prove as successful as former tests.

Southern Pacific Company Has Uniformed Maids on its Boats.

Care of women travelers is one of the principal aims of the Southern Pacific Company and in pursuing the fulfillment of this policy the officials have recently placed uniformed maids upon all of the ferry steamers crossing San Francisco bay. Seasickness is sometimes the fate of the women travelers and the maids have already demonstrated their usefulness in this respect. The duties of these maids are to look out for the comforts of the women passengers. The uniform is for the purpose of identification and all that is required by the passengers is to request her services. At all of the larger stations of the Southern Pacific Company uniformed maids are employed and they have proved to be a great comfort to the thousands of women travelers who patronize the lines of that company.

CASH FOR GRAPES THIS SEASON.

The Prices Will Vary Between $15 and $17 Per Ton, Which Will Be Better Than For Several Years.

The basis upon which grapes are being purchased this season is from $15 to $17 per ton and present purchases, as far as we have been able to learn, are being made at these figures, declares the St. Helena Star. Cash will be paid for all grapes this year for the first time in several seasons. Three weeks ago it was stated that from the best information obtainable the price for grapes this year will range from $15 to $18 per ton, and the figures just quoted only vary slightly from that estimate. The minimum price will be $15 for the ordinary varieties, while, for the better kinds, the price will go to at least $17. This latter figure may be raised by some purchasers for choice lots when the vintage really begins in earnest. While vineyardists had a few months ago hoped that the grapes would reach as high as $20, present conditions, so the wine makers say, do not warrant that figure. However, the price, even at from $15 to $17, is better than for several years and that payments are to be cash on delivery is certainly a compensatory feature of the situation.

The Poppes, whose homes were destroyed by the fire of Tuesday of last week, have taken possesion of the Poppe building on Spain street, which is being fitted up for residence and store purposes.

POSTAL SAVINGS BANK FOR SONOMA

Will Be Opened in Postoffice and Will Receive Deposits on October 16th.

Postmaster General Hitchcock has decided to establish a postal bank service in this city, to be thrown open to depositors on October 16th. The postal savings system, which has already been inaugurated in many of the towns and cities on this coast, provides facilities for those of frugal inclinations for depositing their savings at interest with the security of the United States Government for repayment.

Accounts may be opened by any person ten years of age or over in his or her name and by a married woman in her own name and free from and interference or control by her husband, but all such persons must be patrons of the local postoffice. This postal service is free and there is no charge attached to opening or closing an account.

Interest will be allowed on all deposits at the rate of 2 per cent per annum and no one will be allowed to carry a deposit in excess of $500 and this sum must be accumulated not faster than $100 per month by the depositor, whose deposits are limited from $1 to $100 in that period.

VINEBURG NEWS ITEMS

"Easy Jim" Tells in an Interesting Way all About the Week's Happenings in and About His Section of the Valley.

Qnite a number of improvements are now being made on the different sub-divided tracts in this vicinity.

Sunday passed off as usual in the burg and a number of people visited friends in this part of the valley.

William Mackintosh departed on Monday's train for Portland, Or. The gentleman will be absent several weeks.

Mr. and Mrs. John Batto are at present the guests of friends in Napa city and are expected home Saturday or Sunday.

Jep Valente, one of Sonoma's young business men passed through here one day last week "just as happy as ever."

Mrs. August Figone and children of San Francisco and Miss Mary Batto are guests this week at the Batto home.

Mr. Ed. Mitchell and Mr. Al. Trautveller are building tank frames and erecting windmills on their places on the Hyde tract.

A straight carload of choice alfalfa hay from Yolo county was received at Batto's spur last Friday morning, the first car of the season.

Otto Gericke Jr. and the Misses Ethel, Margaret and Agnes Gericke of Alta Vista were the guests of Mr. and Mrs. Albert Groskopf on Sunday last.

Miss Olive Hampton of San Francisco was the guest of Mr. and Mrs. Adam Gigerich on the Hyde tract on Sunday.

It is expected that in a week or ten days the vintage season will open in this part of the valley, as all the cellars are making preparations for it.

The fruit drying season is coming to a close and most driers are preparing their fruit for shipment. Quite an amount has been shipped from this point already.

Miss Laura Carriger of San Francisco, who has been the guest of Mr. and Mrs. Sol Carriger and family at their home near here, returned to the Bay City on Wednesday afternoon.

Messrs. Fuller Rochat, Walter Bundschu and Jack Gottenberg have returned home after a two-week's automobile trip through the southern part of the State. All report a pleasant time and no mishaps.

Fred Bullotti of Sonoma has just finished an attractive sign for the new Huichica school house. The new school is in a prosperous condition, about 36 scholars being enrolled. Miss Alice Soderberg is the teacher.

We hear that Jim Small was down on the Schell tract the other day looking over a piece of land to build a race track. Jim is head of a syndicate of Vineburg horsemen. He has got Jack Murray as horse shoer and if he can only get Jimmy Sterling, the famous trainer of Mike C. and Rooney Dillion he will be alright. His honor, the Mayor, is engaged to drive at the next race meeting.

[Communicated.]

Vineburg Sept. 27, 1911.

Easy Jim:

Vineburg must be sailing smoothly on the waves of success. For this reason: I read an article in a Sonoma paper last Saturday that a certain firm had purchased a piece of real estate in Sonoma with the intention of erecting a large grocery and feed store. If it is true the certain firm knows nothing about it. What a dream. We once heard of a man in Chicago who amassed a large fortune by minding his own business. But we doubt if the one who wrote that article ever will.

Yours for truth

Minnie Madden

RICE'S MINSTRELS ARE COMING.

A Great Theatrical Treat for the People of Sonoma Valley—Will Appear at El Verano Villa October 7th.

Elsewhere in these columns will be found the announcement of Billy Rice's Minstrels, which will appear at El Verano Villa on the evening of Saturday, October 7th. This famous minstrel troupe numbers among its stars the best there is in the minstrel line. The interlocutor is Frank Boisson, while the ends will be held down by F. R. Warden, tambo, and F. Tregay, bones. These noted artists will be supported with a company of good singers, dancers and comedians. That this show will be the best ever no better guarantee can be given than the name of Billy Rice, the manager, famous in theatrical circles all over the world.

Funeral Postponed

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," It is probably better FOR HIM---it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, In Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing *only*. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

PINELLI BUILDING BEING RESTORED.

The Cut Stone Walls of the Fine Two-Story Structure Were Left Intact by the Recent Fire and Will be Allowed to Stand

Hardly had the embers of the recent fire cooled off before the work of restoring A. Pinelli's fine cut-stone building which was completely gutted by the recent fire, had been commenced.

The debris has been removed from the interior of the building and brickmasons are at present engaged in rebuilding the fire walls. The work of restoring this fine building will be rushed through to speedy completion.

It is Mr. Pinelli's intention to make the building more substantial and beautiful then ever and when fully restored he will resume business in the edifice. At the present time he is temporarly occupying a small frame building which he had erected immediately after the fire.

Card of Thanks.

I desire to thank my friends and those citizens of Sonoma and vicinity who worked so faithfully and heroically in assisting to save my property on the occasion of the recent fire, and I assure them their goodness will never be forgotten. A. PINELLI.

Sonoma, Sept. 29th, 1911.

THE PRESENT INSTANT.

Science Defines It as the Hundredth Part of a Second.

A congress of European astronomers decided that the present time—that is, the present moment at any particular instant—consists of the hundredth part of a second. This has been settled on because these men of science have thought that it represented the tiniest fraction of time which could be appreciated by the human brain. Yet the thousandth part of a second is actually used in physical science, especially in certain important uses of electricity.

For scientific purposes, however, the official present moment flashes from the future to the past in the hundredth part of a second. This cannot seem so remarkable when it is recalled that speed records for both horses and men runners are officially calculated in fractions as small as one-fifth of a second.

But in astronomy it is needed to have the hundredth part of a second, for in that moment light can travel 2,000 miles. So time, which is, after all, only a figure of speech and is a mystery that no hmuan brain can understand or fathom, must be considered relatively to one's sensations. The time to pull an aching tooth is really much longer to the sufferer than a whole night spent in sound sleep. It is more of the person's actual life. It demands more food to stand the nervous strain and the pain than hours of quiet rest.

Time, then, for all men is relative to their personal sensations. Yet time is real enough. It takes actual time for starlight to travel, in some cases thousands of years. It takes time for sound to travel and time for the electric wave to work actual results over long distances.

So that time is not only theoretical; it is as real as coal and wood. Yet this reality stretches over a human lifetime back to ages before the existence of the sun and the stars. For purposes of ordinary human work the second is small enough to use as a standard of value, but scientific men have progressed so far in knowledge that the second is too long a period for them to consider as the scientific instant. Therefore they have chosen the hundredth of a second as the standard for the length of time that they will consider as the actual moment at any one instant.—Cincinnati Enquirer.

Spoiled His Act.

A musical artist announced to his friends that he had a feature for his act that was calculated to make the whole profession sit up and take notice. Several days later he was asked to divulge his plans.

"Oh, that's all off," was the answer. "Well, if it was such a wonderful thing what was it?" was the general inquiry.

"I had planned to have a real skeleton," the musical man replied, "with its ribs tuned up so that I could play music on it like a xylophone."

"Great! Why aren't you going to do it?"

The musician heaved a sigh of disappointment.

"I tried it," he answered, "but somebody sold me the skeleton of a ticklish man and I couldn't hit the ribs."—Youngstown Telegram.

A Closed Discussion.

They had argued long and furiously over the question, "Can a man marry his widow's niece!" and the highly talented lawyer in the corner had waxed eloquent over the marriage laws of every state in the Union, every country in the world, civilized and uncivilized, and had cited the affinity tables of every church and even the legislation of Lycurgus down to that of Brigham Young, when a young man quietly announced his intense desire to be informed where the deuce a man was when his wife was a widow?

Then the discussion closed down and fourteen excited controversialists ordered iced water.—New York Times.

A Fair Sized Trout.

The gentleman was strolling across a large estate when he came upon a man fishing. "What sort of fish do you catch here?" he said.

"Mostly trout," replied the man.

"How many have you caught?"

"About ten or twelve, sir."

"What is about the heaviest you have caught?" continued the gentleman.

"Well, I don't know the weight, but the water sunk two or three feet when I pulled it out!"

Divides the Waters.

Situated exactly at the highest point of the divide of the Rocky mountains, on the Crow's Nest division of the Canadian Pacific railway, in British Columbia, is a hotel. When it rains in the mountains the water which falls on the eastern slope of the hotel roof trickles away to join a tiny rivulet, which in due time mingles its waters with the Atlantic. The water falling just beyond the ridgepole, on the other side of the roof, flows westerly and ultimately into the Pacific.

Lots of Them.

"There is one thing which has rather puzzled me."

"What is that?"

"When money talks does it always talk cents?"—Baltimore American.

His Argument.

"Dear, I only play poker for fun."

"But you bet, don't you?"

"Well, there wouldn't be any fun without a little betting."—Pittsburg Post.

Patient waiting is often the highest way of doing God's will.—Collier.
